Here Without You by 3 Doors Down

A hundred days have made me older	And I dream about you all the time
Since the last time that I saw (1) pretty face	I'm here without you baby
A thousand (2) have made me colder	But you're still with me in my dreams
And I don't think I can look at this the same	And tonight girl it's only you and me
But all the miles that separate	Everything I know and anywhere I go
Disappear now when I'm dreaming of (3) face	It gets hard but it won't take away my love
I'm here without you baby	And when the (8) one falls, when it's all said and
But you're still on my (4) mind	done
I think (5) you baby	It gets hard but it won't take (9) my love, whoa
And I dream about you all the time	I'm here without you baby
I'm here without you baby	But you're still on my lonely mind
But you're still with me in my dreams	I think about you baby
And (6) it's only you and me, yeah	And I dream (10) you all the time
The miles just keep rollin'	I'm here without you baby
As the people leave their way to say hello	But you're still with me in my dreams
I've heard this life is overrated	And tonight girl it's only you and me, yeah oh yeah oh
But I hope that it gets better as we go, oh yeah yeah	
I'm here (7) you baby	
But you're still on my lonely mind	
I think about you baby
