

I eat the city and as I leave the scene

There is (1) in the (2)	In my (6) I am laughing
between	In your remembrance of your bad dream
The lines on your page of memories	There's no one but you standing
Write it down but it doesn't mean	Leave the pity and the blame
You're not just telling stories	For the ones who do not speak
There is fiction in the space between	You (7) the words to get respect and
You and me	compassion
There is fiction in the space between	And for posterity
You and reality	You write the words and make believe
You will do and say anything	There is truth in the space between
To (3) your (4) life	There is (8) in the space between
Seem less mundane	You and everybody
There is fiction in the space between	Give us all (9) we need
You and me	Give us one more sad sordid story
There's a science fiction in the space between	But in the fiction of the space between
You and me	Sometimes a lie is the best thing
A fabrication of a grand scheme	Sometimes a lie is the (10) thing
Where I am the (5) monster
