

## Fill in the gaps

I'm so tired of being here	Now I'm bound by the life you left behind
Suppressed by all my childish fears	Your face it haunts
And if you (1) to leave	My once pleasant dreams
I wish that you would just leave	Your voice it chased away
'Cause your presence still lingers here	All the sanity in me
And it won't (2) me alone	These wounds won't seem to heal
These wounds won't seem to heal	This pain is just too real
This (3) is just too real	There's (6) too (7) (8) time
There's just too much that time cannot erase	cannot erase
[CHORUS:]	[Chorus]
When you (4) I'd wipe away all of (5)	I've tried so hard to tell myself that you're gone
tears	But though you're (9) with me
When you'd scream I'd fight away all of your fears	I've been alone all along
I held your hand through all of these years	[Chorus]
But you still have	
All of me	
You used to captivate me	
By your resonating life
