

## Fill in the gaps

| Fragile seems                                 |       |          |
|---|-------|----------|
| I opened up too quick and all my dreams       |       |          |
| Were woken up, I slowly lost my fire          |       |          |
| With (1) single man a (2)                     | cried |          |
| I had no sensation                            |       |          |
| Completely numb, left with no satisfaction    |       |          |
| I thought no one could ever get me high again |       |          |
| I swear, I was not lookin'                    |       |          |
| Oh, waited so long                            |       |          |
| I thought the (3) thing was a fake            |       |          |
| I thought it was a tool to break me down      |       |          |
| You proved me wrong again                     |       |          |
|   |       |          |
| If love were liquid it would drown me         |       |          |
| In a placeless (4) (5)                        | (6)   | me       |
| In a heart shape come around me               |       |          |
| And then melt me slowly down                  |       |          |
| If (7) were human it would know me            |       |          |
| In a lost (8) come and show me                |       |          |
| Hold me and control me and then               |       |          |
| Melt me slowly down like chocolate            |       |          |
|   |       |          |
| Tastes so good                                |       |          |
| My heart's been mended who'd have (9)         |       | it would |
| An empty bet and still I won the cash         |       |          |
