

Fill in the gaps

That boy, take me away, into the night	Just a young heart confusing my mind, but we're
Out of the hum of the street lights and into a forest	(17) in silence
I'll do whatever you say to me in the dark	Wide-eyed, both in silence
Scared I'll be (1) apart by a wolf in mask of a	Wide-eyed
familiar name on a birthday card	Cause we both know I'll never be (18) lover
Blow out all the candles, blow out all the candles	I only bring the heat
"You're too old to be so shy," he says to me so I (2)	Company under cover
the night	Filling space in (19) sheets
Just a young heart (3) my mind, but	Well I'll never be a lover
we're (4) in silence	I only bring the heat
Wide-eyed, (5) in silence	Company under cover
Wide-eyed, (6) we're in a (7) scene	Filling space in your sheets, in your sheets
Well I (8) brittle bones it seems	So, please just blow out all the candles, (20) out all
I (9) my tongue and (10) my dreams	the candles
Have a (11) voice to (12) with	"You're too old to be so shy," he says to me so I stay the night
And a (13) of thoughts and secrecy	It's just a young (21) (22)
Things cannot be reversed, we (14) from the	my mind, but we're both in silence
(15) we are cursed	Wide-eyed, both in silence
Things cannot be reversed, learn (16) the ones we	Wide-eyed, like we're in a crime scene.
fear the worst	
And learn from the ones we hate the most how to	
Blow out all the candles, blow out all the candles	
"You're too old to be so shy," he says to me so I stay the night
