

Fill in the gaps

That boy, take me away, into the night	Just a young heart confusing my mind, but we're both in
Out of the hum of the street lights and into a forest	silence
I'll do whatever you say to me in the dark	Wide-eyed, both in silence
Scared I'll be torn apart by a wolf in mask of a familiar name	Wide-eyed
on a birthday card	Cause we (7) know I'll (8) be you
Blow out all the candles, (1) out all the candles	lover
"You're too old to be so shy," he says to me so I stay the night	I (9) bring the heat
Just a young (2) (3) my	Company under cover
mind, but we're both in silence	Filling space in your sheets
Wide-eyed, both in silence	Well I'll never be a lover
Wide-eyed, (4) we're in a crime scene	I only bring the heat
Well I have brittle bones it seems	Company under cover
I bite my tongue and torch my dreams	Filling space in your sheets, in your sheets
Have a little voice to speak with	So, please just blow out all the candles, blow out all the
And a mind of thoughts and secrecy	candles
Things cannot be reversed, we learn from the (5)	"You're too old to be so shy," he says to me so I stay the night
we are cursed	It's just a young heart confusing my mind, but we're both in
Things cannot be reversed, learn from the ones we fear the	silence
worst	Wide-eyed, both in silence
And (6) from the ones we hate the most how to	Wide-eyed, like we're in a crime scene.
Blow out all the candles, blow out all the candles	
"You're too old to be so shy," he says to me so I stay the night
