

Fill in the gaps

This is the end	We will stand tall (we (13) stand tall)
Hold your breath and count to ten	Face it all together
Feel the earth (1) and then	At skyfall
Hear my (2) burst again	[x2:]
For (3) is the end	(Let the sky fall
I've (4) and dreamt this moment	When it crumbles
So overdue I owe them	We will stand tall)
Swept away, I'm stolen	Where you go I go
Let the sky fall	What you see I see
When it crumbles	I know I'd (14) be me
We will stand tall	Without the security
Face it all together	Of your (15) arms
Let the sky fall	Keeping me (16) harm
When it crumbles	Put (17) hand in my hand
We (5) (6) tall	And we'll stand
Face it all together	Let the sky fall (let the sky fall)
At skyfall	When it crumbles (when it crumbles)
That skyfall	We (18) stand tall (we will (19) tall)
Skyfall is where we start	Face it all together
A thousand miles and poles apart	Let the sky fall (let the sky fall)
Where (7) (8) and days are	When it crumbles (when it crumbles)
dark	We (20) tall (we (22)
You may have my number, you can (9) my name	stand tall)
But you'll never have my heart	Face it all together
Let the sky (10) (let the sky fall)	At skyfall
When it (11) (when it crumbles)	Let the sky fall
We will stand tall (we will stand tall)	We will stand tall
Face it all together	At skyfall
Let the sky fall (let the sky fall)	
When it (12) (when it crumbles)
