

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then nearly fourteen billion years ago expansion started.  
Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As (1)\_\_\_\_\_ galaxy was formed in (2)\_\_\_\_\_ time  
than it takes to sing this song.  
A fraction of a second and the elements were made.  
The (3)\_\_\_\_\_ stood up straight,  
The dinosaurs all met their fate,  
They tried to leap but they were late  
And they all died (they froze (4)\_\_\_\_\_ asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's (5)\_\_\_\_\_ ever (6)\_\_\_\_\_ but  
one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure (7)\_\_\_\_\_ it'll make an even  
bigger bang!  
Australopithecus would really have been sick of us  
Debating why (8)\_\_\_\_\_ here they're catching deer (we're  
catching viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all started with the big BANG!

Fill in the gaps

Answer

1. every
2. less
3. bipeds
4. their
5. expanding
6. outward
7. that
8. were
