The (4)_____ and pangea

Fill in the gaps

The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,	See ya wouldn't wanna be ya
Then nearly fourteen billion years ago expansion started.	Set in motion by the same big bang!
Wait	It all started (5) the big BANG!
The Earth began to cool,	It's expanding ever (6) but one day
The autotrophs (1) to drool,	It will pause then start to go the other way,
Neanderthals developed tools,	Collapsing ever inward, we won't be here, it (7) be
We built a wall (we built the pyramids),	hurt
Math, science, history, unraveling the mysteries,	Our best and brightest figure that it'll make an even bigger
That all started with the big bang!	bang!
"Since the dawn of man" is really not that long,	Australopithecus would really have been sick of us
As every galaxy was formed in less time than it takes to sing	Debating why were here they're catching deer (we're catching
this song.	viruses)
A fraction of a second and the elements were made.	Religion or astronomy, Encarta, Deuteronomy
The (2) stood up straight,	It all (8) with the big bang!
The dinosaurs all met their fate,	Music and mythology, Einstein and astrology
They tried to leap but they (3) late	It all started with the big bang!
And they all died (they froze their asses off)	It all started with the big BANG!
