

Fill in the gaps

I know there's something in the wake of your smile	When love was wilder than the wind
I get a notion from the look in your eyes, yeah	Listen to your (6) (7) he's calling for
You've built a love but that love falls apart	you
Your little piece of Heaven turns too dark	Listen to your heart there's nothing else you can do
Listen to your heart when he's calling for you	I don't know where you're going and I don't know why
Listen to your heart there's (1) else you can	But listen to your heart before
do	Listen to your (8) when he's calling for you
I don't know where you're going and I don't know why	Listen to your heart there's nothing else you can do
But listen to your heart before you tell him goodbye	I don't (9) where you're going and I don't know why
Sometimes you wonder if this fight is worthwhile	But listen to your heart before you tell him goodbye
The precious moments are all lost in the tide, yeah	Listen to your heart
They're (2) away and nothing is what is seems	Listen to your heart
The feeling of belonging to your dreams	Listen to your heart
Listen to your (3) when he's calling for you	
Listen to your heart there's nothing else you can do	
I don't (4) where you're going and I don't know why	©EMI (10) MUSIC INC.
But listen to your heart before you tell him goodbye	
And there are voices that want to be heard	
So much to mention but you can't find the words
