## Storm The Sorrow by Epica

## Fill in the gaps

Along the way, I find myself	Can I repent?
To be confined within me	Will you be there?
No place for any other's mind to interfere	Erase the page
To grasp the meaning of it all	For I'm alone and ailing
To overcome my limits	Intertwine the lines
And dance away (1) any void and (2)	That swim beneath the dark
tones	Realize the pain we live in
Just tell me why	Demonize the (8) we reel in
Just tell me how	(Nooooooo)
I can survive this time	In my memories I'll dig deep enough to know
Believe yourself and look away	Centuries of dreams unending
From all that's right within you	Another me that yielded tears
Leave all your worries at the door and drift away	When someone had betrayed
I've tried to peer into the core	So, this is my life
But could not (3) the sorrow	And it can't break me down
My hollow heart has bled me dry	Go, I will decide
Left me to stray	Who can come in and heal my disease
Another time	Burn it in flames
Without a trace	Kill it and maim
Condemn me now	Why can't you see that you need to be freed?
Send me to heaven	Intertwine the lines beneath the dark
For I'm already failing	Every bit of pain we're feeling
Intertwine the lines	Every other solemn life
That (4) beneath the dark	(Nooooooo)
Realize the pain we live in	In the memories, you will find somehow
Demonize the need we reel in	There (9) to be a dream unending
(Nooooooo)	No more need to be alone
In my (5) I'll dig deep enough to know	Intertwine the lines
Centuries of dreams unending	That swim beneath the dark
Another me that yielded tears	Realize the pain we live in
When someone had betrayed	Demonize the need we reel in
No time (6) ever go to waste	(Noooooooo)
It's not that complicated	In my memories I'll dig deep enough to know
You're free to live your life at ease	Centuries of (10) unending
No more restraints	Another me that yielded tears
No heed for (7) on your way	When someone had betrayed
That try to steal your laughter	Someone had betrayed
Your light will drive them all away	
Be confident
