Before I lose it

Fill in the gaps

This Isn't Rocket Surgery by We Are The In Crowd

And now I know (1) how it feels to be alone	I just might lose it
(Alone and so damn scared)	And I bet you like that
It's like I can't even breathe, it's all this anxiety	Yeah you (4) that
It's killing me	You just don't wanna know
And after all these times, we let this replay	The things I had to let go
Nothing's changed, we still do it the same way	What's it gonna (5) to get you back here with me
I love that you've got me all figured out	
Because without a doubt	I love (6) you've got me all (7)
You're the best damn thing	out
That ever happened to me	Because without a doubt
Now we're moving on	You're the best (8) thing
You just don't understand	That ever happened to me
It's not that hard to comprehend	I'm going crazy, just can't get it out of my head
And after all (2) times, we let this replay	Before I lose it
Nothing's changed, we still do it the same way	I just might lose it
I love that you've got me all figured out	And I bet you (9) that
Because without a doubt	Yeah, you like that
You're the best (3) thing	Can't get it out of my head
That ever happened to me	(Get it out of my head)
I'm going crazy, just can't get it out of my head
