

Fill in the gaps

I'm back	Brought me (5) to you and I know it
I'm back	So I just kept (6) my friends
Prouder than ever baby	Waiting for some God to choose
Louder than ever maybe	Saying this ain't the day that it ends
One more pill, just one more beer	'Cause there's no (7) light and I'm not through
One less star in the atmosphere for us	I'm alive
But (1) she just (2) to be free	I'm alive
Heartless pictures on TV	And I've got so much more that I want to do
Change that channel that could have been me	Was it music?
I said	Was it science that saved me?
Maybe she just wanted to be free	Or the way that you (8) for me?
So I just kept breathing my friends	Guess either way I thank you
Waiting for the man to choose	I'm alive
Saying this ain't the day that it ends	And tomorrow is mine
Cause there's no white light and I'm not through	I said tomorrow is mine
I'm alive	Said I just got to keep on breathing
I'm alive	(I (9) tomorrow is mine)
And I've got so much more	I said no, don't let go
That I want to do with the music	(Keep on breathing)
Was it music that saved me?	Got to keep on, got to keep on, got to keep on
Or the way that you prayed for me?	I just got to keep on breathing
Guess either way I thank you	I'm alive
I'm alive	I'm alive
Hotel, Motel makes it clear	And I've got so much more that I want to give
One (3) voice we will never hear again	Was it music?
But maybe he just wanted to be free	Was it science that saved me?
And I don't know what the hell	Or the way that you prayed and prayed for me
What the Gods	Well I (10) you I'm alive
What the **** I'm (4) half the time	
But something divine	
(Oh) divino
