You left me in the dark

Fill in the gaps

Cosmic Love by Florence + The Machine

A falling star	No dawn, no day
Fell (1) your heart	I'm always in this twilight
And landed in my eyes	In the shadow of your heart
I screamed aloud	
As it tore through them	I took the stars from our eyes
And now it's (2) me blind	And then I made a map
The stars, the moon	And knew that somehow
They (3) all been blown out	I could (5) my way back
You left me in the dark	Then I heard (6) heart beating
No dawn, no day	You were in the darkness too
I'm always in this twilight	So I stayed in the (7) with yo
In the shadow of your heart	The stars, the moon
And in the dark	They (8) all been (9) out
I can hear your heartbeat	You left me in the dark
I tried to find the sound	No dawn, no day
But (4) it stopped	I'm always in this twilight
And I was in the darkness	In the shadow of your heart
So darkness I became	
The stars, the moon	
They have all been blown out
