My Guardian Angel by Place Vendome

I've got the strange feeling	Could (9) be a dream?
That I am never really alone	Guarding my heart, (10) my sou
I can feel her eyes (1) me	There is a guardian angel here
Wherever I go, she (2) (3) know	She is watching over me
Suddenly I'm awake	Healing my wound, (11) me home
There is no one here all is empty here	There is a guardian (12) here
Maybe it's a mistake	She is keeping me alive
Could everything be a dream?	My guardian angel
Guarding my heart, (4) my soul	Suddenly I'm awake
There is a guardian angel here	There is no one here all is empty here
She is watching over me	Maybe it's a mistake
Healing my wound, (5) me home	Could (13) be a dream?
There is a guardian (6) here	Guarding my heart, protecting my soul
She is (7) me alive	There is a guardian angel here
My (8) angel	She is watching over me
I'm looking in the mirror	Healing my wound, (14) me home
I can only see a stranger's face	There is a (15) angel here
Who am I turning into?	She is keeping me alive
Save me now, before it is too late	My (16) angel
Suddenly I'm awake	
There is no one here all is empty here
