## The Good Die Young by Scorpions

Through all this (4)\_\_\_\_\_ and sorrow

## Fill in the gaps

You (1) up	The good die young
Watch the world go 'round	The flame (5) burn forever
You shiver	And no one (6) your name
Feeling upside down	Bring the boys back home again
Your heart is beating fast	Home again
Pumping (2) to your head	It was a quiet day
Another day to fight	On the streets of hope
You have a prayer on your lips	When the bomb went off
Under the desert sun	At the side of the road
And a loaded gun	Sounds of breaking steel
(Thank you)	A windshield full of blood
You remember	No enemy in sight
That your father said	It feels like in a movie scenes are passing b
Stay out of trouble son	It's your life
And be true to yourself	The (7) die young
You'll be working like a dog	There might be no tomorrow
Raise a family	In god we trust
And life (3) be alright	Through all this pain and sorrow
But now it's written in the stars	The good die young
If you'll make it out alive	The (8) will burn forever
Out alive	And no one knows (9) name
The good die young	Bring the boys (10) home again
There might be no tomorrow	Home again
In god we trust
