

Don't it feel good, don't it feel hot

Fill in the gaps

I want to start a revolution	Feel the fire within
A type of personal solution	I wanna see you strut, strut, strut
We all have got our own pollution	C'mon (7) for me
It's all about the execution	Strut, strut, strut
You got (1) to say, your hands are tied	How you wanna be?
Open your mouth, open it wide	Everybody's looking for some love
Let the freedom begin	But they don't know
Get on the floor, (2) let it drop	How to let it all hang out?
Don't it feel good, don't it feel hot	And that's why they're solo, solo, solo
Feel the fire within	Don't want to be solo, solo, solo
I wanna see you strut, strut, strut	Don't want to be solo
C'mon (3) for me	I'll be your mirror
Strut, strut, strut	Darling, let your hair down
How you wanna be?	Show me what you're (8) with
Everybody's looking for some love	And let me see you strut (strut, strut)
But they don't know	(Strut, strut)
How to let it all hang out?	How you (9) be?
And (4) why they're solo, solo, solo	Everybody's looking for some love
Don't wanna be solo, solo, solo	But they don't know
Don't wanna be solo	How to let it all hang out?
We're a complicated nation	And that's why they're solo, solo, solo
And now we're in a situation	I don't want to be solo, solo, solo
Let's take a make-believe vacation	Don't want to be solo
And get yourself some validation	Strut for me and (10) me what you're working with
You got something to say, your hands are tied	Strut for me and show me what you're working with
Open (5) mouth, (6) it wide	
Let the freedom begin	
Get on the floor, just let it drop
