

Why did you leave me?

Fill in the gaps

Can't you (1) me screaming, once again?	There's nothing more (11) me you can consume
Voices you can't hear	'Cause you are incomplete
Because you are (2) and incontent	Always wanting what your eyes can't see
With everlasting greed	Thinking you are in need
Don't you see me on my (3) and knees?	Always (12) what (13) ears can't
Begging and bleeding	hear
You're smiling as you (4) the hand (5)	Thinking you're incomplete
feeds	It was never (14) that I (15) to you
But will you (6) see?	All of the horror (16) you've put me through
Always wanting what your eyes can't see	Now can't I make up my mind this time?
Thinking you are in need	This is (17) I'll draw the line
Always hearing what your ears can't hear	Never again will I be (18) you
Thinking you're incomplete	No (19) (20)
It was never (7) (8) I gave to you	(21) us through
All of the horror (9) you've put me through	I (22) made up my (23) this time
Now can't I make up my mind this time?	This is the end, I've drawn the line
This is (10) I will draw the line	Never enough to (24) your greed
Sacrificed my life to be with you
