The Mother We Share by CHVRCHES

Never took your side	As old as (6) omens
Never cursed your name	And the mother we share
I (1) my lips shut tight	Will never keep your proud head from falling
Until you go	The way is long
We've come as far	But you can make it (7) on me
As we're ever gonna get	And the mother we share
Until you realize	Will never keep our cold hearts from calling
That you should go	Into the night for once
I'm in misery where you can seem	We're the only ones left
As old as your omens	I bet you even know
And the mother we share	Where we (8) go
Will never keep your proud head (2) falling	And when it all ***** up
The way is long	You put your head in my hands
But you can (3) it easy on me	It's a souvenir
And the (4) we share	For when you go
Will never keep our cold hearts from calling	I'm in misery where you can seem
In the dead of night	As old as your omens
I'm the only one here	And the mother we share
And I will cover you	Will never keep (9) (10) head from
Until you go	falling
'Cause if I told the truth	The way is long
I will always be free	But you can make it easy on me
And keep a prize with me	And the mother we share
Until you go	Will never keep our cold hearts from calling
