is falling

I thought the candle was (1) go out			The pinnacles of my invisible empire		
The (2) was blowing and the door was open			And if I do all the things I do		
But the (3) never went out			Well, I tell myself that I'm staying true		
Never went out			Know I'll never stop		
The wave found its way to the shore			You know I'll never stop		
I thought it was a ripple and (4) more		more	You know I'll never think about it		
But the wave found its way all the way			Put an end to all this time		
To the shore			That I would spend with it on my mind		
(Oh oh) I wanna burn this house			You know it never stopped		
I know, I wanna jump into the fire			You know it never stopped		
(Oh oh) (5) got to tear them down		า	You know I always wondered about it		
The pinnacles of my invisible empire			I wondered about the wonder		
I know the gamble never works twice			(Oh oh no oh oh) I wear a rusting crown		
All the distractions of the table			I know (8)	_ (9) is fa	
And the weighted dice			The (10) shouts for another round		
But the thrill of it feels so nice			I see the ruin		
You'd do it all again			The spectacular		
But I look to the chips and lose			Diamonds buried		
l'm (6)	on the platform	on the platform		Icebergs, the minarets	
With my neck in the noose			And the marketplaces		
And I know it's not my time			The signal fires of my invisible empire		
It's not my time					
(Oh oh) I (7) burn this house					
I know, I wanna jump into	o the fire				
(Oh oh) I've got to tear th	nem down
