A million miles away	But still (15) a whisper to a riot
Your signal in the distance	To sacrifice but (16) to survive
To whom it may concern	The (17) to climb another state of mind
I think I lost my way	I'm on my knees, I'm praying for a sign
Getting (1) at (2) over	Forever, whenever
Every (3) that I return	I never wanna die
I'm (4) to walk again	I never wanna die
I believe I've (5) long enough	I never wanna die
Where do I begin?	I'm on my knees
I'm learning to talk again	I never wanna die
Can't you see I've waited long enough	I'm dancing on my grave
Where do I begin?	I'm running through the fire
Do you remember the days	Forever, whenever
We (6) paper mountains	I never (18) die
Then sat and watched (8) burn	I (19) wanna leave
I think I (9) my place	I never say goodbye
Can't you (10) it growing stronger	Forever, whenever
Little conquerors	Forever, whenever
I'm learning to (11) again	I'm learning to walk again
I believe I've (12) long enough	I (20) I've waited (21) enough
Where do I begin?	Where do I begin?
I'm learning to talk again	I'm learning to talk again
I believe I've waited (13) enough	Can't you see I've waited long enough
Where do I begin?	Where do I begin?
Now	I'm learning to walk again
For the very first time	I believe I've (22) long enough
Don't you pay no mind	I'm (23) to (24) again
Set me free	Can't you see I've waited (25) enough
Again	
You (14) alive a moment at a time
