

Fill in the gaps

One day	And your great, great granddaughter
When I (1) home	Is (12) fine
At lunchtime	Doing fine
I heard a (2) noise	I took a trip to the year 3000
Whet out	This song had gone (13) platinum
To the backyard	Everybody bought our seventh album
To find out	It had outsold Kelly Clarkson
If it was one of those (3) boys	I took a trip to the year 3000
Stood there	This (14) had (15) multi platinum
With my neighbor	Everybody (16) our seventh album
Called Peter	He (17) me he built a time machine
And a flux capacitor	Like the one in the film I've seen
He told me he built a (4) machine	Yeah
Like the one in the film I've seen	I've been to the (18) three thousand
Yeah	Not much has changed but (19) lived under water
He said	And (20) great, great, great granddaughter
I've (5) to the year three thousand	Is doing fine
Not (6) has changed but they lived under water	Doing fine
And your great, great granddaughter	
Is doing fine	He said
Doing fine	I've been to the (21) three thousand
He took me	Not much has (22) but they lived under
To the future	water
In the flux thing	And your great, great, great granddaughter
And I saw everything	Is doing fine (is (23) fine, is doing fine)
Boybands	He said
And another one	I've been to the year (24) thousand
And another one	Not much has changed but they (25) under
And another one	water
Girls there	And (26) great, great, great granddaughter
With (7) hair	Is doing fine
Like star wars	Doing fine
Float above the floor	He said
We (8) around in a time machine	I've been to the year (27) thousand
Like the one in the film I've seen	Not (28) has (29) but they lived
Yeah	under water
(Oh)	And your great great granddaughter
He said	Is doing fine
I've (9) to the year (10) thousand	Doing fine
Not (11) has changed but they lived under water	(Ha)
