

Fill in the gaps

Well, I woke up to the sound of silence the cars	Or you're sinking like a stone
Were cutting like knives in a fist figh	Carry on
And I found you (1) a bottle of wine	May your past be the sound
Your (2) in the curtains	Of your feet upon the ground and
And heart like the Fourth of July	Carry on
You swore and said "we are not"	(Woah)
"We are not shining stars"	My head is on fire
This I know	But my legs are fine
I never said we are	After all they are mine
Though I've never been	Lay your clothes down on the floor
Through hell like that	Close the door
I've closed (3) windows	Hold the phone
To know you can never look back	Show my how
If you're lost and alone	No one's is ever going to stop us now
Or you're (4) like a stone	'Cause we are
Carry on	We are shining stars
May your past be the sound	We are invincible
Of (5) feet upon the ground	We are who we are
Carry on	On our darkest day
Carry on, (6) on	When we're (9) away
So I met up	So we (10) come
With some friends at the edge of the nigh	We will find our way home
At a bar off 75	If you're lost and alone
And we talked and talked	Or you're sinking a stone
About how our parents will die	Carry on
All our neighbours and wives	May your past be the sound
But I'd like to think	Of your feet upon the ground and
I can cheat it all	Carry on
To make up for the (7) I've been cheated on	
And it's nice to know	Carry on, carry on
When I was left for dead	Carry on, carry on
I was found and now I don't (8) these streets	
I am not the ghost you want of me	
If you're lost and alone
