## Thunder Road by Bruce Springsteen

The (1) door slams	Heaven's waiting on down the tracks
Mary's dress sways	Oh-oh come (14) my hand
Like a vision she dances across the porch	Riding out tonight to case the (15) land
As the radio plays	Oh-oh thunder road, oh thunder road oh thunder road
Roy (2) singing for the lonely	Lying out (16) (17) a killer in the sun
Hey that's me and i want you only	Hey i know it's late we can make it if we run
Don't turn me home again	Oh thunder road, sit (18) take hold
I just can't face myself (3) again	Thunder road
Don't run back inside	Well i got this guitar
Darling you know (4) what i'm here for	And i learned how to make it talk
So you're (5) and you're thinking	And my car's out back
That maybe we ain't (6) (7) anymore	If you're ready to take (19) long walk
Show a little faith, there's magic in the night	From your (20) porch to my (21)
You ain't a beauty, but hey you're alright	seat
Oh and that's alright with me	The door's open but the ride it ain't free
You can hide (8) your covers	And i (22) you're lonely
And study your pain	For (23) that i ain't spoken
Make crosses from your lovers	But tonight we'll be free
Throw roses in the rain	All the promises'll be broken
Waste your summer praying in vain	There were ghosts in the eyes
For a savior to rise (9) these streets	Of all the boys you sent away
Well now i'm no hero	They haunt this dusty beach road
That's understood	In the skeleton frames of (24) out chevrolets
All the redemption i can offer, girl	They scream your name at night in the street
Is beneath this dirty hood	Your graduation gown lies in rags at (25) feet
With a chance to make it good somehow	And in the (26) cool before dawn
Hey what else can we do now?	You hear their engines roaring on
Except roll down the window	But when you get to the porch they're gone
And let the (10) blow	On the wind, so (27) climb in
Back your hair	It's a town full of losers
Well the night's busting open	And i'm pulling out of here to win.
These two lanes will (11) us anywhere	
We got one (12) chance to make it real	
To trade in these (13) on some wheels	
Climb in back
