

## Fill in the gaps

I know you met the (1) once	Do you think you'd still want to (12) now?
When you were young	You always were just a stubborn kid (13) then
You let him in	I saw the words (14) you wrote down
Just to know to push away	On the (15) of your (16) in the room
You made it twenty one years	Where we (17) our days
Before he turned you round	I saw the words that you wrote down
To giving up	On the back of your (18) in the room
We (2) in	Where we spent our days
Our (4) of expertise and we partied away	In the room (19) we spent our days
And you gave up on everything	I thought I saw your reflection
Do you think you'd still want to leave now?	In the window of a passing car
You (5) were just a stubborn kid back then	But I guess I was wrong
I saw the words that you wrote down	All I am is wrong these days
On the back of your book	Do you think you'd still want to leave now?
In the (6) where we spent our days	You (20) were (21) a stubborn kid
I remember you told me you threw	back then
Your father's Jimmy (7) CD	I saw the (22) that you wrote down
Out of the window of his car	On the (23) of (24) book in the room
It didn't get you very far	Where we spent our days
In his good books	I saw the words that you wrote down
Because I know when you got home	On the (25) of your book in the room
He (8) (9) spine over	Where we (26) our days
The back of a (10) chair	
You (11) so many days in there
