

## Fill in the gaps

Check it out		But I'm lying to myself
t feels kind crazy		'Cause I know I don't want nobody else
These covers		'Cause these (5) are missing you (missing you)
May keep me warm at night		'Cause these lips ain't kissing you (kissing you)
But (1) cant take (2) place		These eyes put up a fight
Cause they never gonna hold me tight		But (6) again (7) (8)
And these pillows		always win
May let me rest my head		These arms are wanting you (wanting you)
But they cant say good night		'Cause these arms ain't holding you (holding you)
And tuck me in before I go to bed		These eyes put up a fight
Say now baby girl you're better off		But once again these tears always win
That's what I'm telling myself		Tell me when the hell this
		Loneliness is gonna be over
But I'm lying to myself		(Gonna be over)
Cause I know I don't want nobody else		When everything in this room reminds me of you
These lips are missing you		(You)
Cause these lips ain't kissing you		Everytime I think, I'm getting closer
These eyes put up a fight		'Cause tears drown me out, once again I lose
But once again these tears always win		'Cause these lips are missing you (missing you)
These arms are wanting you		'Cause these lips ain't kissing you (kissing you)
Cause these arms ain't (3) you		I put up a fight
These eyes put up a fight		But once again (9) tears always win
But once again these tears always win		Crying like
These candles		(Oh oh oh oh)
_ight up my room at night		These eyes put up a fight
But they can't lid the room the way you did		But once again these tears always win
When you (4)	inside	Crying like
Oh baby		(Oh oh oh oh)
f these walls could sing		These (10) put up a fight
About everything they've witnessed		But once again these tears always win
Oh it'd be a sad sad song		These eyes put up a fight
And it'll probably sound something like this		But once again
say now baby girl you're better off		These tears always win
That's what I'm telling m	vself	

- 1. they
- 2. your
- 3. holding
- 4. walked
- 5. lips
- 6. once
- 7. these
- 8. tears
- 9. these
- 10. eyes
