

Fill in the gaps

As I watch you move	Hold me in the darkness
Across the moonlit room	Tonight, you calm my restlessness
There's so (1) tenderness in your loving	You relieve my sadness
Tomorrow I must leave	Tonight, I need (7) sweet caress
The dawn knows no reprieve	Hold me in the darkness
God (2) me strength when I am leaving	Tonight, you calm my restlessness
So (3) hands to heaven and pray	You relieve my sadness
That we'll be back together someday	Morning has come, another day
Tonight, I need your sweet caress	I must (8) my bags and say goodbye
Hold me in the darkness	Goodbye
Tonight, you calm my restlessness	Tonight, I need (9) sweet caress
You relieve my sadness	Hold me in the darkness
As we move to embrace	Tonight, you calm my restlessness
Tears run down your face	You relieve my sadness
I whisper words of love, so softly	Tonight, I need your sweet caress
I can't (5) this pain	Hold me in the darkness
It's driving me insane	Tonight, you calm my restlessness
Without your touch, life will be lonely	You relieve my sadness
So raise your hands to heaven and pray	
That we'll be back (6) someday	
Tonight, I need your sweet caress
