

Fill in the gaps

Do you (1) like a chain store?	So give me coffee and TV
Practically floored	History
One of many zeros	I've (7) so much
Kicked around bored	I'm goin blind
Your ears are full but your empty	And I'm braindead virtually
Holding out your heart	Sociability
To people who never really	It's hard enough for me
Care how you are	Take me away from this big bad world
So give me(2) and TV	And (8) to marry me
History	So we can start all over again
've seen so much	So give me coffee and TV
'm goin blind	History
And I'm braindead virtually	I've seen so much
Sociability	I'm goin blind
t's hard enough for me	And I'm braindead virtually
Take me away (3) this big bad world	Sociability
And agree to marry me	It's hard enough for me
So we can start all over again	Take me away from this big bad world
Do you go to the country	And agree to marry me
t isn't (4) far	So we can start all over again
There's people there who (5) hurt you	(Oh) We could (9) over again
Cos of who you are	(Oh) We could start over again
Your ears are full of the language	(Oh) We could start over again
There's wisdom (6) you're sure	(Oh) We could start over again
Til the words start slurring	
And you can't find the door
