

### Fill in the gaps

## Nothing Compares 2 U by Sinéad O'Connor

| It's been seven (1) and fifteen days             | He (15) try   |
|--|---|
| Since you took your love away                    | to have fun   |
| I go out (2) night and (3) all day               | No matter what you'll do                            |
| Since you (4) your (5) away                      | But he's a fool                                     |
| Since you (6) I can do                           | 'Cause nothing compares                             |
| (8) I want                                       | Nothing compares to you                             |
| I can see whomever I choose                      | All the (18) that you planted, mama                 |
| I can eat my dinner in a fancy restaurant        | In the back yard                                    |
| But nothing                                      | All died (19) you went away                         |
| I said nothing can (9) away these blues          | I know that living with you baby was sometimes hard |
| 'Cause nothing compares                          | But I'm willing to (20) it another try              |
| Nothing compares to you                          | Nothing compares                                    |
| It's (10) so lonely (11) you here                | Nothing (21) to you                                 |
| Like a bird without a song                       | Nothing compares                                    |
| Nothing can stop these lonely tears from falling | Nothing (22) to you                                 |
| Tell me baby (12) did I go wrong                 | Nothing compares                                    |
| I could put my arms around every boy I see       | Nothing (23) to you                                 |
| But they'd only remind me of you                 |   |
| I (13) to the doctor n'guess what he told me     |   |
| Guess what he (14) me                            |   |

# SUB inglés
