

The cracks in our foundation

Fill in the gaps

Thursday night, everything's fine	And I know that I (5) let go, but I can't	
Except you've got that look in (1) eye	And every time we fight I know it's not right	
When I'm telling a story, and you find it boring	Every (6) that you're upset and I smile	
You're thinking of something to say	I know I should forget, but I can't	
You'll go along with it, then drop it	Your face is pastey	
And humiliate me in front of our friends	'Cause you've gone and got so wasted	
Then I'll use that voice that you find annoying	What a surprise	
And say something like,	Don't want to look at your face, 'cause it's (7)	
Yeah, intelligent input, darling.	me sick	
Why don't you just have another beer then?"	You've gone and got sick on my trainers	
Then you'll (2) me a bitch	I only got these yesterday	
And (3) we're with will be embarrassed	Oh my gosh, I cannot be bothered with this	
And I won't give a shit	Well, I'll leave you there 'till the morning	
My fingertips are holding onto	And I purposely won't turn the heating on	
The cracks in our foundation	And dear God, I hope I'm not stuck with this one	
And I know that I should let go, but I can't	My fingertips are holding onto	
And every time we (4) I know it's not right	The cracks in our foundation	
Every time that you're upset and I smile	And I know that I (8) let go, but I can't	
know I should forget, but I can't	And every time we fight I know it's not right	
You said I must eat so many lemons	Every time that you're upset and I smile	
Cause I am so bitter	I know I should forget, but I can't	
said, "I'd rather be with your friends, mate,	And every time we fight I know it's not right	
Cause they are much fitter."	Every time that you're upset and I smile	
Yes, it was childish	I (9) I should forget, but I can't	
And you got aggressive	And every time we fight I know it's not right	
And I must admit that I was a bit scared	Every time that you're upset and I smile	
But it gives me thrills to wind you up	I know I should forget, but I can't	
My fingertips are holding onto
