

Fill in the gaps

When leaves have fallen	Haven't you seen?
And skies turned into grey	The (7) of our world
The (1) keeps on closing in on the day	She covers the earth (8) a breathtaking cloak
A nightingale sings his song of farewell	The sun awakes and melts it away
You better hide for her freezing hell	The world now opens its eyes and sees
On cold wings she's coming	The dawning of a new day
You better keep moving	On cold wings she's coming
For warmth, you'll be longing	You better keep moving
Come on just feel it	For warmth, you'll be longing
Don't you see it?	Come on just feel it
You better (2) it	Don't you see it?
When she embraces	You better believe it
Your (3) turns to stone	Whenever she is raging
She comes at night when you are all alone	She takes all (9) away
And (4) she whispers	Haven't you seen?
Your blood shall run cold	Haven't you seen?
You better (5) before she finds you	The (10) of our world
Whenever she is raging	Whenever she is raging
She (6) all life away	She takes all life away
Haven't you seen?	Haven't you seen?
Haven't you seen?	Haven't you seen?
The ruins of our world	The ruins of our world
Whenever she is raging	
She takes all life away	
Haven't you seen?
