You (5) hide for her (6)	The sun awakes and (19) it away
hell	The world now opens its eyes and sees
On cold wings she's coming	The dawning of a new day
You better keep moving	On cold wings she's coming
For warmth, you'll be longing	You better keep moving
Come on just feel it	For warmth, you'll be longing
Don't you see it?	Come on (20) feel it
You better believe it	Don't you see it?

She (15) all life away	
Haven't you seen?
