Beyond the horizon of the place we lived	There's a (6)	(7)	unsatis
When we were young	Our weary eyes (8)	stray to	the horizon
In a world of magnets and miracles	The dog is road, we've been so many times		
Our thoughts strayed constantly and without boundary	The grass was greener		
The ringing of the division bell had begun	The light was brighter		
Along the Long Road and on down the Causeway	With (9)	_ surrounded	
Do they still meet there by the Cut	The nights of wonder		
There was a ragged band that followed our footsteps	With friends surrounded		
Running before (1) took our dreams away	The dawn mist growing		
Leaving the myriad small creatures	The water flowing		
Trying to tie us to the ground	The endless river		
To a life consumed by slow decay	Forever and ever		
The grass was greener	The grass was greener		
The light was brighter	The light was brighter		
With friends surrounded	The taste was sweeter		
The nights of wonder	The nights of wonder		
Looking beyond the (2) of bridges glowing	With friends surrounded		
(3) us	The dawn mist growing		
To a glimpse of how (4) it was on the other side	The water flowing		
Steps taken forwards but sleepwalking back again	The endless river		
Dragged by force of some inner tide	Forever and ever		
At a higher altitude with flag unfurled			
We reached the dizzy heights of that (5) of			
world			
Encumbered forever by desire and ambition
