## Sleeping In The Fire by Wasp

## Fill in the gaps

Touch, touch in the flame's desires
Feeling the pain's denial,
And your fingers in the fire
Look, (1) in the candle light
See in the flame of life
And my spell is our lie
[Chorus:]
Taste the love
The Lucifer's (2) that makes you numb
The passion and all the pain are one
You're sleeping in the fire
Taste the love
The Lucifer's magic (3) makes you numb
You (4) what it does and you're drunk on love
You're sleeping in the fire
I (5) at the (6) and fire burn
And cry out the name of (7) I yearn
[Chorus]
Taste the love
The Lucifer's (8) that makes you numb
The (9) and all the pain are one
You're sleeping in the fire
