

Fill in the gaps

Please understand This isn't just goodbye This is I can't stand you This is where the road crashed into the ocean It rises all around me And now we're barely breathing A thousand faces we'll (1)_____ to ignore Curse my enemies forever Let's slit our wrists and (2)_____ down something beautiful This desperation leaves me overjoyed With fading lights that lead us past the (3)_____ that we destroy I listen to you cry A cry for less attention But both my hands are tied And I'm (4)_____ into the deep end I listen to you talk but (5)_____ is cheap And my mouth is (6)_____ with blood From trying not to speak So search for an excuse And someone to believe you In foreign dressing rooms

i m empty with the need to
Curse my enemies forever
Let's slit our wrists and burn down something beautiful
This desperation leaves me overjoyed
With fading lights that lead us past the lives that we destroy
Curse my enemies forever
Let's slit our wrists and burn down something beautiful
This (7) is leaving me overjoyed
With fading lights that lead us past the lives that we destroy
Please understand
Lay rotting where I fall
I'm dead from bad intentions
Suffocated and embalmed
And now all our dreams are cashed in
You swore you wouldn't lose then lost (8) brain
You make a (9) that (10) like pain
So please understand
This isn't just goodbye
This is I can't stand you
