

Fill in the gaps

Please understand	I'm empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't (1) you	Let's slit our wrists and burn down something beautiful
This is where the road crashed into the ocean	This desperation leaves me overjoyed
It rises all around me	With fading lights that lead us past the (7) that
And now we're barely breathing	we destroy
A thousand faces we'll choose to ignore	Curse my enemies forever
Curse my enemies forever	Let's slit our (8) and burn down something
Let's slit our wrists and burn down something beautiful	beautiful
This desperation leaves me overjoyed	This desperation is (9) me overjoyed
With fading (2) (3) lead us past the	With fading lights that lead us past the lives that we destroy
lives that we destroy	Please understand
I listen to you cry	Lay rotting where I fall
A cry for less attention	I'm dead from bad intentions
But both my hands are tied	Suffocated and embalmed
And I'm pushed (4) the deep end	And now all our dreams are cashed in
I (5) to you talk but talk is cheap	You swore you wouldn't lose then lost your brain
And my mouth is filled with blood	You make a sound that feels like pain
From trying not to speak	So please understand
So search for an excuse	This isn't (10) goodbye
And someone to believe you	This is I can't stand you
