Neutron Star Collision (Love Is Forever) by Muse

I was searching	Their doctrines will be cloud
You were on a mission	Then they'll dissipate
Then our hearts combined like	Like snowflakes in an ocean
A neutron star collision	Love is forever
I have (1) left to lose	And we'll die, we'll die together
You took your (2) to choose	And lie, I say never
Then we told (3) other	'Cause our love could be forever
With no (4) of fear that	Now I've got nothing (9) to lose
Our (5) (6) be forever	You take your time to choose
And if we die, we die together	I can tell you now without a trace of fear
And lie, I said never	That my love will be forever
'Cause our (7) would be forever	And we'll die, we'll die together
The world is broken	Lie, I will never
Halos fail to glisten	'Cause our love (10) be forever
You try to make a difference	
But no one wants to listen
