

Fill in the gaps

Through The Fire And The Flames by DragonForce

On a cold winter morning, in the time before the light	Running back through the mid-morning light
In flames of death's eternal (1) we ride towards	There's a burning in my heart
the fight	We're (13) from the time in the
And the darkness is falling down	(14) land
And the times are tough all right	To a light beyond the stars
The (2) of evil laughter falls around the world	In the blackest dreams we do believe
tonight	Our destiny this time
Fighting high, fighting on for the steel	And endlessly we'll all be free tonight
Through the wastelands evermore	And on the wings of a dream so far beyond reality
The scattered (3) will feel the hell bodies	All alone in (15) now the time is
Wasted on the shores	gone
On the blackest waves in hells domain	Lost inside you'll never (16) (17) within
We watch them as they go	my own mind
Through fire, pain and (4) again we know	Day after day this misery must go on
So now we fly ever free	So far away we wait for the day
We're free (5) the thunderstorm	For the light source so wasted and gone
On (6) the (7)	We feel the pain of a lifetime lost in a thousand days
our quest carries on	Through the (18) and the (19) we
Far beyond the sundown, far (8) the	(20) on
moonlight	Now here we stand with (21) blood on our hands
Deep inside our hearts and all our souls	We (22) so hard now can we understand
So far away we (9) for the day	I'll break the seal of this curse if I (23)
For the light source so (10) and gone	can
We feel the pain of a lifetime lost in a thousand days	For freedom of every man
Through the fire and the flames we carry on	So far away we wait for the day
As the red day is dawning	For the light source so (24) and gone
And the (11) cracks the sky	We feel the pain of a lifetime lost in a thousand days
They (12) their hands to the heavens above	Through the (25) and the flames we carry on
As we send them to their lies
