

As we send them to their lies

## Fill in the gaps

## Through The Fire And The Flames by DragonForce

On a cold winter morning, in the time before the light	Running back through the mid-morning light
In flames of death's eternal reign we ride towards the fight	There's a burning in my heart
And the darkness is falling down	We're banished from the time in the fallen land
And the times are tough all right	To a light beyond the stars
The sound of (1) laughter falls around the world	In the blackest dreams we do believe
tonight	Our destiny this time
Fighting high, fighting on for the steel	And endlessly we'll all be free tonight
Through the wastelands evermore	And on the wings of a dream so far beyond reality
The scattered souls will feel the hell bodies	All alone in desperation now the time is gone
Wasted on the shores	Lost inside you'll never find Lost within my own mind
On the (2) waves in (3)	Day after day this misery must go on
domain	So far away we (7) for the day
We watch them as they go	For the light (8) so wasted and gone
Through fire, pain and once again we know	We feel the pain of a lifetime lost in a thousand days
So now we fly ever free	Through the fire and the (9) we
We're free before the thunderstorm	(10) on
On towards the wilderness our quest carries on	Now here we stand with their blood on our hands
Far beyond the sundown, far beyond the moonlight	We fought so hard now can we understand
Deep inside our hearts and all our souls	I'll break the seal of this curse if I possibly can
So far away we wait for the day	For freedom of every man
For the light (4) so wasted and gone	So far away we wait for the day
We feel the pain of a lifetime lost in a thousand days	For the light source so wasted and gone
Through the fire and the flames we carry on	We feel the pain of a lifetime lost in a thousand days
As the red day is dawning	Through the fire and the flames we carry on
And the lightning cracks the sky	
They (5) their (6) to the heavens	
above	

- 1. evil
- 2. blackest
- 3. hells
- 4. source
- 5. raise
- 6. hands
- 7. wait
