

All my islands have sunk

Fill in the gaps

I opened my eyes last night	In the deep
And saw you in the low light	And I can hardly
Walking down by the bay	Relax or even oversleep
On the shore	When I feel warm with your hand
Staring up at the stars	In mine
That aren't there anymore	When we walk along the shoreline
I was feeling the night	I guess we'll never know
Grow old	Why sparrows love the snow
And you were looking so cold	We'll turn out all of the lights
So (1) an introvert	And set this ballroom aglow
I drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And (2) to shiver (3)	(Yeah) All the time
before	All the time
You happened to look	Time (6) isn't ever quite enough
And see	When you and I are alone
The tunnels all around me	I've never (7) so at home
Running (4) the dark	What (8) it take to make or break this hint of love?
Underground	Only time
All the subways around	Only time
Create a great sound	When we're apart what ever
To my motion fatigue	Are you thinking of?
Farewell	If this is what I (9) home
With your ear to a seashell	Why does it feel so alone?
You can hear the waves	So tell me darling
In underwater caves	Do you wish we'd fall in love?
As if you actually	All the time
Were inside a saltwater room	All the time
Time together isn't ever (5) enough	Time together isn't ever quite enough
When you and I are alone	When we're apart what ever
I've never felt so at home	Are you thinking of?
What will it take to make or	What will it take to make or break this hint of love?
Break this hint of love?	So tell me darling
Only time	Do you wish we'd fall in love
Only time	All the time
Can you believe that the crew	(Oh) All the time
Has gone	
And wouldn't let me sign on
