

All my islands (5)\_\_\_\_ sunk

## Fill in the gaps

l (1)	_ my eyes last night	In the deep
And saw you in the low light		And I can hardly
Walking down by the bay		Relax or even oversleep
On the shore		When I (6) warm with your hand
Staring up at the stars		In mine
That aren't there anymore		When we walk along the shoreline
I was feeling the night		I guess we'll never know
Grow old		Why (7) love the snow
And you were looking so cold		We'll turn out all of the lights
So like an introvert		And set this ballroom aglow
I drew my over shirt		So tell me darling
Around my arms		Do you (8) we'd fall in love?
And began to shiver violently before		(Yeah) All the time
You happened to look		All the time
And see		Time together isn't ever quite enough
The tunnels all around me		When you and I are alone
Running (2) the dark		I've never felt so at home
Underground		What will it take to make or break this hint of love?
All the subways around		Only time
Create a great sound		Only time
To my motion fatigue		When we're apart what ever
Farewell		Are you thinking of?
With your ear to a seashell		If this is what I call home
You can (3) the waves		Why does it feel so alone?
In underwater caves		So tell me darling
As if you actually		Do you wish we'd (9) in love?
Were inside a saltwater room		All the time
Time together isn't ever quite enough		All the time
When you and I are alone		Time together isn't ever quite enough
I've never felt so at home		When we're (10) what ever
What will it take to make or		Are you thinking of?
Break this hint of love?		What will it take to make or break this hint of love?
Only time		So tell me darling
Only time		Do you wish we'd fall in love
Can you (4)	that the crew	All the time
Has gone		(Oh) All the time
And wouldn't let me	e sign on
