

Fill in the gaps

Once upon a time	Sorry the frustration's got me (8) away
We swore not to say goodbye	And I just keep (9) one last thing to say
Something got a hold of us and we changed	And I (10) (11) hold you,
Then you sat alone in pride	(12) you, feel you
And I sat at home and cried	Be (13) you
How'd our fairy tale just end up this way	I miss you, baby, baby, baby, baby, baby, baby)
We (1) round for round (2) we knocked	I'm tired of (14) to fake through
(3) out	But there's (15) I can do
We were laying in the ring not (4) a sound	Boy I can't wait to (16) you
And if that's a metaphor of you and I	I can't (17) to hate you
Why is it so (5) to say goodbye	Make you (18) like I do
I can't wait to hate you	Still can't shake you off
Make you (6) like I do	I can't (19) to breakthrough
Still can't shake you off	These (20) changes
I can't wait to breakthrough	Seems (21) a lost 'cause
These emotional changes	I can't wait to face you
Seems like such a lost cause	Break you down so low
I can't wait to face you	There's no (23) to go
Break you down so low	I can't wait to hate you, baby
There's no place left to go	I can't wait to h-a-t-e you
I can't wait to hate you	'Cause right now I need you
No need to call my phone	()
'Cause I changed my number today	
And matter fact, I (7) I'm moving away (away)
