It's not what I'm cut out for

## Fill in the gaps

Do you fell like you're falling under

Under it all?

live for my breaks	And I storm out of (5) and I take my sea
know there's something more	At the front of the bus
So much to explore	And my headphones bleed
But it feels so far away	And right (6) in a flash
'm not lost, I'm just finding	With tears on my cheeks
My own way in the world	I can suddenly see
'm not lost, I'm just finding	We're not lost, we're just finding
My own way in the world	Our own way in the world
n the big old world	We're not lost, we're (7) finding
Oo you ever, do you ever, do you wonder	Our own way in the world
Vonder where your dreams go?	In the big old world
Do you fell like you're falling under	Do you ever, do you ever, do you wonder
Jnder it all?	Wonder where your (8) go?
Do you ever, do you ever, do you wonder	Do you fell like you're falling under
Vonder where your dreams go?	Under it all?
Do you fell like you're falling under	Do you ever, do you ever, do you wonder
Jnder it all?	Wonder where your dreams go?
don't know if it's bad or good	Do you fell like you're falling under
Valking down (1) street without you	Under it all?
don't know quite what I want	Do you ever, do you ever, do you wonder
One thing I've got	Wonder (9) your dreams go?
s a good idea of what I'm not	Do you fell like you're falling under
'm not lost, I'm just finding	Under it all?
My own way in the world	Do you ever, do you ever, do you wonder
'm not lost, I'm just finding	Wonder where your dreams go?
My own way in the world	Do you fell like you're falling under
n the big old world	I'm not lost
Do you ever, do you ever, do you wonder	I'm just finding
Vonder where (2) dreams go?	My own way
Do you (3) (4) you're falling under	In the world
Jnder it all?	In the big old world
Do you ever, do you ever, do you wonder
