

Fill in the gaps

Looking out of a dirty window	We gotta let them know
It's not much, but it's all I've known	It's enough about us
Close my eyes and I see a rainbow	(It's enough about us)
But I can't reach the pot of gold	Yeah we can help a girl up
All the things that we (1) for granted	(We can help a (6) up)
All the things we don't really need	We can help a girl up
Those are the things they've always wanted	(Help a girl, help a girl up)
Loved girl will replant the seed	(Help a girl, help a girl up)
The more I think about it	We can help a girl up
They are just like me	(Help a girl, help a girl up)
We all need love	Oh yeah
We all need hope	(Help a girl, help a girl up)
We all have dreams	All the girls in the world stand up
And now I'm lyring sleepless	When one of us hurts speak up
Just trying to figure it out	Let your voice be heard, don't give up
If you think about it	'Cause together we can help a girl up!
It doesn't take much	All the girls in the world stand up
To help a girl up	When one of us hurts speak up
Just a little bit of heart and soul	Let your voice be heard
We gotta let them know	Don't give up
It's enough (2) us	'Cause together we can help a girl up!
Yeah, we can help a girl up	And now I'm lying sleepless
We can help a girl up	Just trying to figure it out
(Help a girl, help a girl up)	If you think about it
(Help a girl, help a girl up)	It doesn't take much
We can help a girl up	To help a girl up
(Help a girl, help a girl up)	(To help a girl up)
Don't you know?	Just a little bit of heart and soul
(Help a girl, help a girl up)	We gotta let them know
If a man can move a mountain	It's enough about us
We can start an avalanche	Yeah, we can help a girl up
Throw a (3) in the fountain	(It's enough about us)
(One wish) one wish	We can (7) a girl up
One helping hand	All the girls in the world stand up
The more I (4) about it	When one of us hurts speak up
They are just like me	Let your voice be heard, don't give up
We all need love	'Cause together we can help a girl up
We all need hope	All the girls in the world stand up
We all have dreams	When one of us hurts speak up
And now I'm lying sleepless	Let your voice be heard, don't give up
Just trying to (5) it out	'Cause (8) we can (9) a gir
If you think about it	up
It doesn't take much	Girl up!
To help a girl up	
Just a little bit of heart and soul
