

When I kissed your face

Fill in the gaps

I remember your bare feet	And whispered in your ear
Down the hallway	Come on (8) with me
I remember your little laugh	We're (9) fly away
Race cars on the kitchen floor	From here
Plastic dinosaurs	Out of this curtained room
I (1) you to the moon and back	And (10) hospital gray
I remember your blue eyes	We'll just disappear
Looking (2) mine	Come on baby with me
Like we had our own secret club	We're gonna fly away
I remember you dancing	From here
Before bedtime	You were my best four years
Then jumping on me waking me up	And what if I'm standing in you closet
I can still feel you hold my hand	Trying to talk to you
Little man	And what if I kept the hand-me-downs
And even the moment I knew	You won't grow into
You fought it hard like an army guy	And what if I really thought some miracle
Remember I	Would see us through
Leaned in and whispered to you	But maybe the miracle was
Come on baby with me we're gonna fly away	Even getting one moment with you
From here	Come on baby with me
You where my best four years	We're gonna fly away
I remember the (3) home	From here
When the blind hope	Come on baby with me
Turned to (4) and (5)	We're gonna fly away
why	From here
Flowers pile up in the worst way	You were my best four years
No one knows what to say	I remember your bare feet
About a beautiful boy who died	Down the hallway
And it's (6) to be halloween	I love you to the moon and back
You could be anything	
You wanted if you were (7) here	
I remember the last day
