

Fill in the gaps

Now that it's all said and done	I'm (8) getting closure
I can't believe you were the one	I guess it's really over
To build me up then tear me down	I'm finally getting better
Like an old abandoned house	Now I'm picking up the pieces
And what you (1) when you left	I'm spending all of these years
Just left me cold and out of breath	Putting my heart back together
I fell too far, was in way too deep	'Cause the day I thought I'd never get through
Guess I let you get the best of me	I got over you
Well, I (2) saw it coming	Well, I never saw it coming
I should've started running	I should've started running
A long, long time ago	A long, long time ago
And I never thought to (3) you	And I never thought to doubt you
I'm better off without you	I'm better off without you
More than you, more than you know	More than you, more than you know
I'm slowly getting closure	Well, I never saw it coming
I guess it's really over	I should've (9) running
I'm finally getting better	A long, long time ago
Now I'm picking up the pieces	And I never thought to doubt you
I'm spending all of these years	I'm better off without you
Putting my heart back together	More than you, more than you know
'Cause the day I (4) I'd never get throug	h I'm slowly getting closure
I got over you	I guess it's really over
You took a hammer to these walls	I'm finally getting better
Dragged the (5) down the hall	Now I'm (10) up the pieces
Packed your bags and walked away	I'm spending all of these years
There was nothing I could say	Putting my heart back together
And when you slammed the front door shut	I'm putting my heart back together
A lot of others opened up	'Cause I got over you
So did my (6) so I could see	I got over you
That you never were the best for me	I got over you
Well, I never saw it coming	'Cause the day I thought I'd never get through
I should've started running	I got over you
A long, long time ago	
And I never thought to doubt you	
I'm better off without you
