## The Phantom Of The Opera by Sarah Brightman & Antonio Banderas

| In sleep he sang to me                  | Beware                                  |
|---|---|
| In dreams he came                       | The phantom of the opera                |
| That voice which calls to me            | In all your fantasies                   |
| And (1) my name                         | You (20) knew                           |
| And do I (2) again                      | That man and mystery                    |
| For now I find                          | Were both in you                        |
| The (3) of the opera is here            | And in (21) labyrinth                   |
| Inside my mind                          | Were (22) is blind                      |

| Our (6) duet                            | Inside your (my) mind                   |
| My (7) you                              | Sing my angel                           |
| Grows stronger yet                      | He's there                              |
| And though you turn (9) me              | The phantom of the opera                |
| To glance behind                        |   |
| The (10) of the (11) is there           | Sing my angel of music                  |

| Those who (12) seen your face           | Sing my angel                           |
| Draw back in fear                       |   |
