

It's looking like a beautiful day

One Day Like This by Sarah Brightman

Drinking in the (1) sun	So (5) those curtains wide
Blinking in the morning sun	One day (6) this a year (7) see me
Shaking off the heavy one	right
Oh, heavy like a loaded gun	Throw those curtains wide
What made me behave that way?	One day like this a year would see me right
Using (2) I never say?	Throw those curtains wide
I can only think it must be love	One day like this a year would see me right
Oh anyway	Throw those curtains wide
It's looking like a beautiful day	One day like this a year would see me right
Someone tell me how I feel	Throw those curtains wide
It's silly wrong, but vivid right	One day like this a year would see me right
Oh, kiss me like the final meal	Throw those curtains wide
Yeah, kiss me like we die tonight	One day like (8) a year would see me right
'Cause holy cow, I (3) your eyes	Throw those (9) wide
And only now I see the light	One day like this a year (10) see me right
Yeah, lying with me (4) awake	Throw those curtains wide
Oh, anyway	One day like this a year would see me right
