

Fill in the gaps

When the (1) are cold	But I am hell bound
And the cards all fold	Though this is all for you
And the saints we see	Don't want to hide the truth
Are all (2) of gold	No matter what we breed
When your (3) all fail	We still are (9) of greed
And the ones we hail	This is my kingdom come
Are the worst of all	This is my kingdom come
And the blood's run stale	When you feel my heat
I want to hide the truth	Look into my eyes
I want to shelter you	It's where my demons hide
But with the beast inside	It's (10) my demons hide
There's nowhere we can hide	Don't get too close
No (4) what we breed	It's (11) inside
We (5) are made of greed	It's where my demons hide
This is my kingdom come	It's where my demons hide
This is my kingdom come	They say it's what you make
When you feel my heat	I say it's up to fate
Look into my eyes	It's woven in my soul
It's where my demons hide	I (12) to let you go
It's where my demons hide	Your eyes, they (13) so bright
Don't get too close	I want to (14) their light
It's dark inside	I can't (15) (16) now
It's where my demons hide	Unless you show me how
It's where my demons hide	When you feel my heat
(When) the curtain's call	Look (17) my eyes
Is the last of all	It's where my (18) hide
When the lights (6) out	It's where my demons hide
All the sinners crawl	Don't get too close
So they dug (7) grave	It's dark inside
And the masquerade	It's (19) my demons hide
Will come calling out	It's where my (20) hide
At the (8) you made	
Don't want to let you down
