

## Fill in the gaps

Dear Darlin'	Feeling like the sofa was sinking
Please excuse my writing	I was warm in the hope of your eyes
I can't stop my hands (1) shaking	So if my words break through the wall
'Cause I'm (2) and (3) tonight	To meet you at your door
I miss you	All I could say is "girl, I mean them all"
And nothing (4) like no you	Dear Darlin'
And no one understands what we (5) through	Please (16) my writing
It was short	I can't stop my hands from shaking
It was sweet	'Cause I'm cold and (17) tonight
We tried	I (18) you
And if my words (6) through the wall	And nothing hurts (19) no you
And meet you at your door	And no one (20) (21)
All I (7) say is "girl, I mean (8) all"	we went through
Dear Darlin'	It was short
Please (9) my writing	It was sweet
I can't (10) my (11) from shaking	We tried
'Cause I'm cold and alone tonight	(Oh) I concur
I miss you	These arms are (22) to hold
And (12) hurts like no you	And I (23) you
And no one understands (13) we went through	And nothing (24) like no you
It was short	And no one (25) what we we
It was sweet	through
We tried	It was short
We tried	It was sweet
I (14) (15) he's	We tried
coming from	We tried
Been thinking	
About the ball we dreamt
